INTRODUCTION

The Ludlow Board of Education requires high standards of personal conduct from each student to promote respect for the rights of others and to accomplish the purposes of the schools. The Board also requires compliance with established standards and rules of the district and the laws of the community, state, and nation.

The central purpose of the school system is to educate each student to the highest level possible. To support the success of the educational program, the Board directs employees to hold each student accountable to Code standards in a fair manner. Compliance with the standards is necessary to provide:

This Code applies to all students in the District while at school, on their way to and from school, while utilizing transportation provided by the District, and while they are participating in school-sponsored trips and activities. The Superintendent/designee is responsible for its implementation and application throughout the District. The Principal is responsible for administration and implementation of this Code within his/her school in a uniform and fair manner without partiality or discrimination.

Each SBDM Council must select and implement appropriate discipline and classroom management techniques necessary to carry out this Code and shall provide a list of the school's rules and discipline procedures in the school handbook.

Teachers and other instructional personnel are responsible for administering Code standards in the classroom, halls, and other duty assignment locations.

This Code establishes minimum behavior standards. Recognizing that each school, grade or class may require special provisions, school councils, administrators, and teachers have full authority to make rules to enforce these standards in keeping with their areas of responsibility.

ANNUAL NOTICE TO PARENTS OF TERRORISTIC THREATENING

Dear Parent/Guardian,

Our most important function in (School District) is to provide the safest learning environment possible for all of our students and school staff members.

Unfortunately, in recent years, Kentucky's P-12 schools have experienced an escalation of terroristic threats being made by students with intent to do harm to either other students or school staff members. Plainly stated, these are threats being made to shoot people or detonate bombs with lethal intent. In fact, between January 23 and April 30th of last school year (2018), Kentucky schools experienced (294) terroristic threats that caused widespread fear throughout the school's community and resulted in total disruption to the educational process. In many of those cases, school officials and law enforcement officials were forced to close schools to investigate the threats that had been made. In other cases, school attendance plummeted for days after the threat was made. Many school leaders have said that the emotional, instructional, and financial impacts of these acts are incalculable.

Terroristic Threatening in the second degree is defined in state law (KRS 508.078)

(1) **A person is guilty of terroristic threatening in the second degree when, other than as provided in KRS 508.075, he or she intentionally:**

b) Makes false statements by any means, including by electronic communication, for the purpose of:

1. Causing evacuation of a school building, school property, or school-sanctioned activity;

2. Causing cancellation of school classes or school-sanctioned activity; or

3. Creating fear of serious bodily harm among students, parents, or school personnel

(For the complete text for KRS 508.078 please see the attached page.)

Such threats to our students and school staff are totally unacceptable and will not be tolerated. As a result, the purpose of this letter is to notify all parents and guardians that school district officials (in coordination with responding law enforcement agencies) will **pursue immediate legal charges for felony terroristic threatening in the second degree, to the absolute fullest extent of the law, against anyone who makes such threats, including students.** Moreover, we will advocate to our highest ability that the prosecution of these individuals be swift and their punishment be severe.

Our approach to eliminating terroristic threatening in our school and district is strong and unwavering, and as a result, it is imperative that you discuss this critically important matter with your student as soon as possible. School and law enforcement officials are determined to put a halt to these willful acts of terrorism being made toward our students. Please do your part to ensure that your student never becomes a party to such an offense by educating him/her on the seriousness of its consequences. Together we can prevent this unnecessary, dangerous, and disruptive crime from victimizing our schools. I appreciate your partnership in keeping our school the safest place for your student to learn and grow.

If you have any questions or concerns, please contact me at your convenience.

Sincerely,

Michael Borchers, Superintendent

2. All substances however taken or used, including but not limited to, inhaling, ingesting, and/or injecting. These include, but are not limited to, prescribed and over-the-counter drugs and prohibited volatile substances as defined in KRS 217.900 that are used or intended for use for an abusive and/or intoxicating purpose.

AUTHORIZED MEDICATION

Use of a drug authorized by and administered in accordance with a prescription from a physician or dentist shall not be considered in violation of this policy.

PENALTY

Violation of this policy shall constitute reason for disciplinary action including suspension or expulsion from school and suspension or dismissal from athletic teams and/or other school-sponsored activities.

REPORTING

Employees of the District shall promptly make a report to the local police department, sheriff, or Kentucky State Police, by telephone or otherwise, if they know or have reasonable cause to believe that conduct has occurred which constitutes the use, possession, or sale of controlled substances on the school premises or within one thousand (1,000) feet of school premises, on a school bus, or at a school sponsored or sanctioned event. In addition, when they have reasonable belief that a violation has taken place, Principals shall immediately report to law enforcement officials when an act has occurred on school property or at a school-sponsored function that involves student possession of a controlled substance on school property in violation of the law.

PREVENTION PROGRAM

The Superintendent shall establish a comprehensive and on-going drug-free/alcohol-free prevention program for all students which shall include notice to students and parents of the following:

1. The dangers of drug/alcohol/substance abuse in schools;
2. The District's policies and related procedures on drug-free/alcohol-free schools;
3. The requirement for mandatory compliance with the District's established standards of conduct, including those that prohibit use of alcohol, drugs and other controlled and prohibited substances;
4. Information about available drug/alcohol counseling programs and available rehabilitation/student assistance programs; and
5. Penalties that may be imposed upon students for violations of this policy.

SUSPENSION, EXPULSION & DUE PROCESS

For certain violations, administrators, such as the Superintendent and Principal, may remove (suspend) a student from school for up to ten (10) days per incident.

Unless immediate suspension is necessary to protect persons or property or to avoid disruption of the education process, students shall not be suspended until they have been given due process (required by law). Due process must be given before educational benefits are taken away and shall include:

1. Oral or written notice of the charge(s) against the student.
2. An explanation of the evidence, if the student denies the charge(s).
3. An opportunity for the student to present his/her own version of the facts concerning the charge(s).

A report of the suspension shall be made in writing to the Superintendent and to the parent of the student being suspended.

Following legally required due process, the Board may expel any pupil from the regular school setting for misconduct as defined by law for periods longer than ten (10) days. In cases of expulsion, provision of educational services will be required unless the Board determines, on the record and supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed in a state-funded agency program. Action to expel a pupil shall not be taken until the parent of the pupil has had an opportunity for a hearing before the Board.

GRIEVANCES

Students and parents wishing to express an educational concern or grievance shall observe the following order of appeal:

1. Teacher
2. Principal
3. School Council (when appropriate)
4. Superintendent
5. Board of Education

Information on filing a formal complaint or grievance is available at each school and at the Central Office.

DRIVER'S LICENSE REVOCATION

Students who are sixteen (16) or seventeen (17) years old who becomes academically deficient or deficient in attendance shall be reported to the Transportation Cabinet for driver's license, permit or driving privilege revocation.

ACADEMIC AND ATTENDANCE DEFICIENCIES

Academic and attendance deficiencies for students age sixteen (16) or seventeen (17) enrolled in regular, alternative, part-time, and special education programs shall be defined as follows:

1. They shall be deemed academically deficient if they have not received passing grades in at least four (4) courses, or the equivalent of four (4) courses, taken in the preceding semester.
2. They shall be deemed deficient in attendance when they drop out of school or accumulate nine (9) unexcused absences in a class/classes for the preceding semester. Suspensions shall be considered unexcused absences.

REINSTATEMENT OF DRIVING PRIVILEGE

Students whose driving permit are revoked, but later meet the statutory standards for reinstatement, must then apply to the Director of Pupil Personnel to have their standing confirmed. The District shall make the required report to the appropriate agency.

ACCESS TO ELECTRONIC MEDIA

The Board supports the right of students, employees, and community members to have reasonable access to various information formats for students, employees, and the community and believes it is incumbent upon users to utilize this privilege in an appropriate and responsible manner.

SAFETY PROCEDURES AND GUIDELINES

The Superintendent shall develop and implement appropriate procedures to provide guidance for access to electronic media. Guidelines shall address teacher supervision of student computer use, ethical use of electronic media (including, but not limited to, the Internet, e-mail, and other District technological resources), and issues of privacy versus administrative review of electronic files and communications. In addition, guidelines shall prohibit utilization of networks for prohibited or illegal activities, the intentional spreading of embedded messages, or the use of other programs with the potential of damaging or destroying programs or data.

Internet safety measures shall be implemented that effectively address the following:

1. Controlling access by minors to inappropriate matter on the Internet and World Wide Web;
2. Safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
3. Preventing unauthorized access, including "hacking" and other unlawful activities by minors online;
4. Unauthorized disclosure, use and dissemination of personal information regarding minors; and
5. Restricting minor's access to materials harmful to them.

The district shall provide reasonable public notice of, and at least one (1) public hearing or meeting to address and communicate its Internet safety measures.

Specific expectations for appropriate Internet use shall be reflected in the District's code of acceptable behavior and discipline including appropriate orientation for staff and students.

PERMISSION/AGREEMENT FORM

A written parental request shall be required prior to the student being granted independent access to electronic media involving District technological resources.

The required permission/agreement form, which shall specify acceptable uses, rules of on-line behavior, access privileges, and penalties for policy/procedural violations, must be signed by the parent or legal guardian of minor students (those under 18 years of age) and also by the student. This document shall be kept on file as a legal, binding document. In order to modify or rescind the agreement, the student's parent/guardian (or the student who is at least 18 years old) must provide the Superintendent with a written request.

EMPLOYEE USE

Employees shall use electronic mail only for purposes directly related to work-related activities. Employees shall not use a code, access a file, or retrieve any stored communication unless they have been given authorization to do so. (Authorization is not required each time the electronic media is accessed in performance of one's duties.) Each employee is responsible for the security of his/her own password.

COMMUNITY USE

On recommendation of the Superintendent/designee, the Board shall determine when and which computer equipment, software, and information access systems will be available to the community.

Upon request to the Principal/designee, community members may have access to the Internet and other electronic information sources and programs available through the District's technology system, provided they attend any training and abide by the rules of usage established by the Superintendent/designee.

Employees and students shall be subject to disciplinary action, up to and including termination (employees) and expulsion (students) for violating this policy and acceptable use rules and regulations established by the school or District.

RESPONSIBILITY FOR DAMAGES

Individuals shall reimburse the Board for repair or replacement of District property lost, stolen, damaged, or vandalized while under their care. Students or staff members who deface a District web site or otherwise make unauthorized changes to a web site shall be subject to disciplinary action, up to and including expulsion and termination, as appropriate.

RESPONDING TO CONCERNS

School officials shall apply the same criterion of educational suitability used to review other educational resources when questions arise concerning access to specific databases or other electronic media.

AUDIT OF USE

Users with network access shall not utilize District resources to establish electronic mail accounts through third-party providers or any other nonstandard electronic mail system.

The Superintendent/designee shall establish a process to determine whether the District's education technology is being used for purposes prohibited by law or for accessing sexually explicit materials. The process shall include, but not be limited to:

1. Utilizing technology that meets requirements of Kentucky Administrative Regulations and that blocks or filters internet access for both minors and adults to certain visual depictions that are obscene, child pornography, or, with respect to computers with Internet access by minors, harmful to minors;
2. Maintaining and securing a usage log; and
3. Monitoring online activities of minors.

PROCESS FOR DEVELOPMENT, MAINTENANCE AND DISTRIBUTION OF THE CODE OF ACCEPTABLE BEHAVIOR AND DISCIPLINE

A committee representing each school, the Board of Education, and the Central Office developed this Code. The Board of Education has reviewed and adopted this Code. Schools have distributed copies of the code to all students and employees of the district and to parents of students, including those who enroll after the beginning of the school year. The Superintendent has directed the Code be available in each school, with the Principal being responsible for seeing that guidance counselors and other personnel discuss its contents with students in a timely and age-appropriate manner. On request, the School District shall provide help for non-English speaking, blind, deaf, or non-reading students and parents so that they can have access to the information contained in this Code.

Each year, the Code Committee will review the Code in preparation for the coming school year. The Committee welcomes input as to how to improve this document. This code is part of the Board's policy on student behavior and discipline.

ADVISORY: After this code is distributed for the school year, changes to Board policy, including those affecting provisions of this code, may be necessary due to new and/or revised statutes and regulations and case law.

A complete copy of the Board Policy Manual is available for inspection at each school and at the Board office. Parents and community members may also reference the following additional documents on file at each school or at the Board office:

- Board of Education Policy Manual
- Kentucky Revised Statutes and Administrative Regulations
- School Student Handbooks
- District Safe Schools Plan
- SBDM Council Policies
- District Special Education Policy and Procedures Manual
- Student Records Information (FERPA)

MEDIA & DIRECTORY INFORMATION

Parents/Guardians can choose to not allow a student's image to be used in outside publications, such as the newspaper or the school/district's social media. Parents/Guardians also have the right to not allow their child's directory information to be released to organizations, such as colleges or military branches (typically applies to older students). If a parent/guardian chooses not to allow the release of both/either item listed above, the parent/guardian must notify Mary Cloud (elementary) or Susan Mahan (high school) in writing. Once received, that notice will be applied to the student's record for that full school year. Ms. Cloud can be reached at mary.cloud@ludlow.kyschools.us or 261-2100; Mrs. Mahan can be reached at susan.mahan@ludlow.kyschools.us or 859-261-8211.

Ludlow Independent Schools

SPECIAL NOTE

TO: Parents, Guardians and School Employees

FROM: Mr. Mike Borchers /LEA Designee

SUBJECT: Asbestos Management Plan for Ludlow Independent Schools
2019-2020 Academic School Year

This notice is sent to assure you that Ludlow Independent Schools is in compliance with both national and state regulations and laws relating to building materials which contain asbestos that have been used in building construction in past years.

An inspection for building materials which contain asbestos has been completed for all school buildings owned, leased or otherwise occupied by Ludlow Independent Schools. This inspection has been conducted by a certified inspector, and the material samples were evaluated by an accredited laboratory. Building materials containing as little as two percent (2%) asbestos or assumed positive have been identified and made a part of an Asbestos Management Plan for the school system.

A complete Asbestos Management Plan for the school is available at the Principal's office during regular business hours.

We will continue to notify you at least once each year on the status of the Asbestos Management Plan. Additional notifications may be issued as a result of an additional inspection, normal surveillance practices, response actions or remodeling work which might disturb building materials which contain asbestos. Every precaution will continue to be utilized in order to protect the well-being of students and employees of Ludlow Independent Schools.
